“Jiangsu-Ontario Business Seminar 2010”

Jiangsu Department of Commerce, Jiangsu Sub-council of China Council for the Promotion of International Trade, Canada Jiangsu Chamber of Commerce, Supply Chain & Logistics Canada, Trade and Investment Services Alliance, cordially invite you to join us to meet Jiangsu Business Delegation led by Deputy Division Director Lou.

Jiangsu Province is located near Shanghai and occupies a strategic position for business and investment, with 29 state-level and 79 provincial investment promotion zones offering tax benefits and other incentives for foreign investors. A developed infrastructure, extensive coastline with developed ports, waterways and a strong system of transportation links has contributed to the province's success in joint ventures and foreign investment returns.

Jiangsu Province had a twinning agreement with the Province of Ontario in 1985. As Chinese traditional industry base, important manufacturing export base, and rising state-class biotech and pharmaceutical center, Jiangsu Province has been gained attention by many multinational corporations including Canadian companies.

You will hear the speech made by Deputy Division Director Lou from Jiangsu Department of Commerce and the representative of Jiangsu entrepreneurs. The presentation will focus on Jiangsu's economic growth and opportunities there for Canadian entrepreneurs who seek market expansion, outsourcing, and trade. The business networking will also be available after the presentations.

Please join us for this opportunity to learn how Jiangsu Province can work for your China business.
